**“Stadium Group Plc acquires KRP Power Source (UK) Limited**

Stadium Group Plc, the AIM-listed provider of Electronic Manufacturing Services, today completed the acquisition of KRP Power Source (UK) Limited (“KRP”) for cash consideration of approximately £650,000, of which approximately £150,000 is deferred for up to one year.

KRP is a specialist distributor of power supplies and dc-dc converters for the transport, medical and telecommunications markets from its base at Newbury, Berkshire. Turnover for the financial year ended 30 November 2005 was approximately £1.1 million.

KRP will complement the existing operations of Stadium Power, which designs and manufactures standard, semi-custom and custom power solutions in the UK and Asia.

Stadium Chairman Nick Brayshaw said,

*“I am delighted to announce that we have completed our first acquisition since the re-organisation of the business to focus on our electronics activities in 2001. We have signalled our intention to increase investment in development of our interests in the worldwide market for power solutions, both organically and by acquisition. KRP offers additional customers, sales resources and access to an extensive complementary range of standard products.”*

KRP was previously in private ownership, and the vendors will continue to be employed in the business.

Stadium Group Plc is due to announce interim results for the six months ended 30 June 2006 on Monday 4 September 2006.
